Special Report No. 32

February 14, 1924

PEA APHID
(Illinoia pisi Kalt.)

Telegraphic communication has just been received by the Office of Truck Crop Insect Investigations from Mr. R. E. Campbell of the Alhambra, California, Field Station of the Bureau, to the effect that "many fields of alfalfa near Chino are badly damaged by the pea aphid. Growth has just started but indications are that the first crop will be damaged."
